

Intro to Drawing Workbook Cover Sheet

This PDF is intended to be used to produce paper tactile/high contrast graphics. The document is not intended to be viewed electronically. This cover page is not part of the graphic and should be discarded before producing the graphics.

For your convenience, brief descriptions of the images in this file are provided below.

Note: When page numbers are referenced in the document image descriptions, they refer to the pages in the actual graphic, excluding this cover sheet. This cover sheet is page 0.

Document Image Descriptions

This ten-page workbook contains several two-dimensional drawings.

Title page: a schematic of a house (front elevation)

Page 1: A circle, square, and triangle

Page 2: Side view of paper mug with handle to the right

Page 3: Side view of mug with handles to the right, top view of mug with handle to right, and side view of mug with handle facing toward the viewer

Page 4: A circle in the upper left (connoting sun), a front elevation schematic of house, a horizontal line across the page at the base of the house (connoting interface between ground and sky), and a flower on a stem

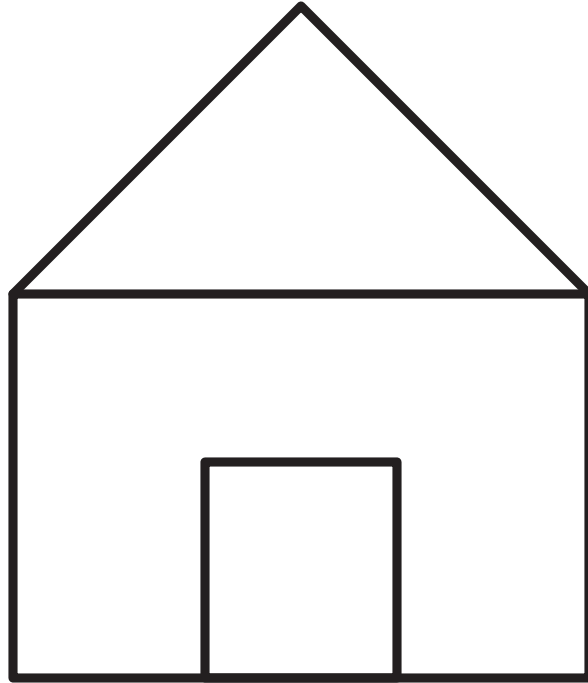

Page 5: Two houses in front elevation, one large and one small, with a stick figure person in between and a horizontal line for ground

Page 6: A complex house (door detail, windows, two stories, garage) in front elevation view with a stick figure person to right

Page 7: A front elevation of three complex buildings (six-story building, castle, teepee) with a stick figure person)

DISCARD THIS PAGE BEFORE PRODUCING THE GRAPHIC.
