

AN INTRODUCTION TO BRAILLE MATHEMATICS USING UEB WITH NEMETH  
A Course for Transcribers

## INDEX

- A**
- abbreviations**  
at end of sentence, 4-31  
cancellation, 16-10  
capitalization  
  of acronyms, 4-32  
  initialisms, 4-32  
function names, 14-2  
in division, 10-17  
in spatial arrangements, 9-26  
m for measure, 11-22  
mathematical variables, 4-2  
punctuation  
  literary mode, 3-7  
radicals, 8-24  
single-letter  
  English-letter indicator,  
  4-29  
spacing  
  numerals, 3-9  
  omission symbols, 4-29  
  operation signs, 4-28  
  period, 3-8  
  two or more components,  
  3-9  
summary of usage, 4-28  
superscripts, 6-10  
switches  
  usage, 3-6  
  variables, 4-3, 4-32
- acronyms**, 4-32
- addition**  
alignment of digits, 9-17,  
9-24  
missing sign of operation,  
9-18  
monetary symbols, 9-19  
omission, signs of, 9-23  
operation, sign of, 9-18  
partial products, 10-4  
spatial arrangement, 9-16,  
9-21, 10-2
- alignment by place value.** *See*  
spatial arrangements
- alphabets**  
German  
  mathematical usage, 4-15  
  fraktur, 7-23  
Greek  
  alphabet table, 4-12  
  alternate form, 4-14  
  capital letters, 4-13  
  code switches, 4-12  
  symbol for, 4-11  
Hebrew  
  aleph, 4-16  
  mathematical usage, 14-6  
non-English  
  as mathematical symbols,  
  4-11  
  capitalization, 4-11  
  punctuation, 4-11  
  typeforms, 7-18  
Russian  
  mathematical usage, 4-16
- ambiguous signs**, 13-22
- ampersand**, 5-4
- angstrom unit, spacing of**,  
13-14
- apostrophe**  
baseline level, 6-18  
punctuation indicator, 4-27
- arrays**  
alignment, 17-21  
baseline indicators, 17-33  
blank entries, 17-26  
blank lines, 17-21  
definition of, 17-1, 17-21  
dots across omitted row, 17-29  
ellipses, 17-26  
embedded in text, 17-37  
  alignment of, 17-38  
format for, 17-21  
fractions, format for, 17-34  
grouping symbols, 17-21  
keying technique, 17-35  
multiplication, 17-25  
numeric indicators, 17-22  
placement of identifiers, 17-23  
print spacing, 17-26  
runovers, 17-31  
  indentation, 17-31  
  no indention, 17-32
- arrowheads**  
barbed, 9-3  
blunted, 9-7  
curved, 9-7  
solid, 9-3  
straight, 7
- arrows**, 9-2  
boldface, 9-13  
chemistry, 9-2  
comparison, used as sign of,  
9-13  
compounded  
  horizontally, 9-14  
  vertically, 9-13  
construction of, 9-2  
curved, 9-12  
dotted ends, 9-8  
nonmathematical, 9-15  
one arrowhead, 9-10, 9-11  
punctuation, 9-2  
mathematical, 9-5  
nonuse of contraction, 9-6  
right, contracted, 9-5  
rotation direction, 9-12  
shafts  
  barbed, 9-4  
  horizontal, 9-2  
  long, 9-4  
  slanted, sub- or superscript  
  needed, 9-10  
  varied styles, 9-4  
  vertical, 9-10  
slanted, 9-11  
spacing, 9-2  
with comparison signs, 9-4  
two arrowheads, 9-10
- B**
- backslash**, 5-8
- barred typeform**  
braces, 7-32  
brackets, 7-32  
grouping symbols, 7-32  
numerals, 7-26

- bar, horizontal**
    - modified by superposition, 13-19
  - bar, vertical**
    - misread as colon, 13-23
    - modified by superposition, 13-19
    - side-by-side, 25
  - baseline indicator**
    - arrays, 17-33
    - comma with space, 6-11
    - in spatial arrangements, 9-24
    - with commas, 6-24
    - with segmented numerals, 6-28
    - with spaces, 6-24
  - baseline level**
    - definition, 6-9
    - fractions, 8-16
    - indicators for, 6-14
    - multiple levels, 6-16, 6-20
    - radicals, 8-23
    - returning to, 6-11
    - with exponent
      - runover division, 15-17
  - bases, non-decimal**, 4-9
    - capitalization
      - in mathematical context, 3-3
    - subscripts in multiplication, 10-8
    - symbols used to represent digits, 4-9
  - binomial coefficient**
    - baseline indicator, 12-21
    - definition, 12-17
    - five-step-rule not used, 12-17
  - blank lines**
    - arrays, 17-21
    - box lines with, 9-35
    - page change indicator, 9-35, 9-36
    - spatial arrangements, 9-35
  - box lines**
    - blank lines with, 9-35
    - tables, 18-11
  - braces**
    - barred, 7-32
    - enlarged, left, 17-6
    - enlarged, right, 17-6
  - brackets**
    - barred, 7-32
  - half, 7-33
  - bullets**, 2-25
- C**
- cancellation**
    - abbreviations in, 16-10
    - alignment of numbers, etc., 9-33
    - baseline indicator with, 16-8
    - fractions, 16-5
    - identifiers, 9-34
    - definition of, 9-33
    - in division, 10-27
    - in subtraction, 9-33
    - symbols for, 9-33
    - vertical alignment of place value, 16-6
    - with regrouping numbers, 10-9
    - without replacement values, 16-9
  - cap.** *See* intersection
  - caret**
    - as place holder, 13-2
    - in long division, 10-21
    - UEB symbol for, 13-2
  - carried numbers.** *See* regrouping numbers
  - Celsius, degrees of**, 6-14
  - certification exam**, v, F-1
  - check mark**, symbol for, 13-11
  - chemistry**
    - element symbols, 3-27
    - notation, 13-23
  - circumflex.** *See* caret
  - clock, digital**, code used, 2-7
  - code switches**, F-2
    - See also* switch indicators
    - abbreviations, 8-10
    - boxed materials, C-12
    - cell 5 -7 headings, 4-33
    - centered headings, 4-33
    - definition, 7-2
    - displayed material, 7-2
      - placement with, 7-11
    - format for instructions, 7-8
    - fractions, 8-9
    - function names with, 14-3
    - headings, C-12
    - identifiers, embedded, 4-34
    - instructional commentary, C-12
    - linked expressions, 8-28
  - page change indicators, C-12
  - placement of, C-9
    - displayed mathematical material, C-11
    - in narrative context, C-10
    - in unitemized lists, C-10
    - spatial arrangements, 9-40, C-11
    - transcriber's notes, 4-34
    - with headings, 9-44
    - with itemized material, C-10
    - with itemized spatial arrangements, 9-42
    - with page change indicators, 9-44
    - with punctuation, 7-11
    - with typeforms, 7-17
    - with UEB typeform indicator, 11-37
  - tables, C-13
    - placement of, 18-14
    - transcriber's notes, C-12
    - with punctuation, C-11
  - colon**
    - print spacing, 5-21
    - spacing, 5-21
  - comma**
    - contracted
      - with super/subscript, 6-25
    - European, P-13
    - mathematical, P-5
  - commentary** *See* instructions
  - comparison, signs of**, P-9
    - arrows, 9-13
    - colon, 5-21
    - compounded vertically, 5-24
      - equal to, 5-24
      - greater than, 5-24
      - inclusion, 5-24
    - division at, C-9
    - English-letter indicator, 3-24
    - equivalence, 5-17
    - five-step-rule, 12-25
    - fractions, spacing, 8-4
    - greater than, 5-17
    - intersection, modified, 5-25
    - less than, compounded vertically, 5-25
    - linked expressions, 8-27
    - list of symbols, 5-16, 12-27

- logical product
    - list of modified, 5-26
  - logical sum
    - list of modified, 5-27
  - punctuation, 2-6
  - modified,
    - by superposition, 13-20
    - definitions, 12-25
  - punctuation, 2-6
  - relation (R), 5-18
  - reverse inclusion
    - list of modified, 5-27
  - right or left caret, 12-25
  - runover division, 15-4
  - spacing, P-9, 5-2
  - subtraction, 10-22
  - super/subscripts, 6-26
  - tilde, 5-12, 5-20
  - union, compounded
    - vertically, 5-28
  - vertical bar, 5-20
  - vertical positioning, 5-24
  - within super/subscript, 6-26
  - complex fractions.** *See* fractions, complex
  - conditional probability**
    - vertical bar, 5-20
  - contractions**, in mathematical expressions, 3-2
  - crossed letters**, 13-3
  - cup** *See* union
  - currency symbols.** *See* monetary symbols
  - D**
  - dagger and double dagger**, 5-6
  - dash, long**
    - baseline of writing, 6-28
    - spacing of, 1-23
    - super/subscript, 6-26, 6-27
      - exception in usage, 6-27
    - symbols for, 1-20
  - dash, short**, 1-16
    - opposed to hyphen, minus sign, 1-18
    - spacing, 1-16
    - switch indicators, 3-16
  - decimal point**
    - European, P-13
    - numeric indicator, P-5, P-7
    - spacing, P-5
  - del**
    - sign of omission, 13-3
  - spacing, 13-3
  - derivative, partial** (round d)
    - spacing, 13-3
    - symbol for, 13-3
  - determinants.** *See also* arrays
    - definition, 17-21
  - diagrams**, placement of, 18-26
  - differential notation**
    - English letter "d"
      - combinations, 4-18
  - displayed material**
    - cell 5-7 margins, 7-7
    - cell 7-9 margins, 7-9
    - code switches, placement of, 7-2
    - definition, 7-2
    - format, 7-2, C-6
      - instructions, 7-8
      - unitemized, 7-3
    - identifiers (labels)
      - margin for, 7-11
      - transcriber's note, 7-12
    - itemized, 7-7
      - with subdivision, 7-9
    - multiple items, 7-4
      - on one line, 7-4
    - narrative material, 7-13
    - page number citation, 7-12
    - punctuation with, 7-5
    - with code switches, 7-11
    - with labels, 7-11
  - ditto mark**, symbol for, 13-11
  - division**
    - abbreviations, 10-17
    - alignment, format for, 14-25
    - cancellation, 10-27
    - divisor
      - boxed, 14-26
      - right, 14-26
    - embedded in text, 10-18
    - linear
      - arrangement 10-12
      - format for, 10-13
    - long
      - alignment, 10-18
      - blank cells, 10-20
      - caret, 10-21
      - intentional misalignment, 10-23
      - minus sign, 10-22
      - separation line, 10-18
    - omission, signs of, 10-25
  - partial quotients, format for, 14-23
  - placement of identifiers, 10-29
  - print arrangements of, 10-12
  - print symbols for, 10-12, 10-13
  - quotient with remainder, 10-17
  - regrouping numbers, 10-25
  - remainder, 10-25
    - spacing, 10-17
  - separation line, 10-15
    - above dividend, 10-26
    - below dividend, 10-26
  - spatial
    - arrangement of, 10-15
    - placement of identifiers, 10-15
  - synthetic
    - format for, 14-25
    - identifiers placement, 14-27
  - terminology, 10-12
  - vertical line in, 14-25
- E**
- eligibility** for lessons, iv
  - ellipsis**
    - baseline of writing, 6-28
    - spacing of, 1-21
    - super/subscript, 6-26, 6-27
      - exception in usage, 6-27
    - used as sign of omission, 1-19
  - embedded expression**, 7-2
  - empty set.** *See* set, empty
  - enclosed lists**
    - definition, 4-19
    - division of between lines, 4-22, C-9
    - English-letter indicator, 4-21
    - fractions, 8-18
    - keep together items, 4-22
    - numeric indicator, 4-20, 11-22
    - Roman numerals in, 4-21
    - rules for usage, 4-19
    - with radicals, 8-24
  - English-letter indicator**, 3-24
    - capitalization indicator, 3-24
    - chemistry, 3-27
    - comparison signs, 3-25, 11-25
    - enclosed lists, 4-21
    - grouping symbols, 3-25, 4-25

- in degrees of temperature, 6-14
- in unspaced sequence, 3-26
- mathematical context, 3-22
  - Nemeth code, 23-2
  - not abbreviation or word, 3-23
- nonuse of, 3-25
- plural, possessive, or ordinal, 4-26
- probability notation, 3-27
- punctuation within Nemeth, 3-24
- Roman numerals, 6-9
  - with grouping symbol, 4-26
- shortforms within switches, 4-30
- single-letter abbreviations, 4-29, 6-10
- summary of nonuse, 4-8
- table label, 18-23
- use of, 3-24
- with signs of shape, 11-21
- with single letter, 3-24
- with mathematical expression, 7-35
- equal sign**
  - alignment of in fractions, 16-20
  - boldface type usage, 7-30
- equations, system of**
  - alignment of, 17-2
  - definition, 17-2
  - format for, 17-2
  - grouping symbols used, 17-5
  - numeric indicator with, 17-2
- equipment needed for lessons,** iv
- equivalence,** 5-17
- European**
  - decimal, P-13
  - mathematical comma, P-13
- exercise set**
  - keep together instructions and problem, C-5
  - margins for, C-5
- F**
- factorial sign,** symbol for, 13-5
- Fahrenheit,** degrees of, 6-14
- filled in shapes.** *See* shape symbols, with interior modifications
- five-step-rule.** *See* modifiers, mathematical
- footnote indicators.** *See* reference signs
- footnotes.** *See* notes
- format**
  - context dependent summary, F-8
  - definition of, P-6, C-1
  - displayed material
    - instructions, 7-8
    - itemized, 7-2, 7-7
    - runovers, 7-2
    - unitemized, 7-2, 7-3
    - with subdivision, 7-2
    - with subdivisions, 7-9
  - division of mathematical expression, 1-9
  - fractions in arrays, 17-34
  - general principles, C-2
  - itemized material, 6-6
    - braille placement, 6-6, 6-7
  - keep together, 2-24, 3-7, C-2
  - margins, C-3
    - general principles, 1-26
    - hyphenated expressions, 3-32
    - itemized material, 6-2
    - keep together, 3-32
    - itemized material, 1-26
    - mathematical expressions, 1-26
    - paragraph margins, 1-26
      - narrative text, 1-23
    - side-by-side items, 3-32
    - summary, 1-26, 3-32, C-1
    - switch indicators, 1-26
    - tables, 5-14
  - spatial arrangement, 10-2
  - summary of, C-1
- fractions**
  - alignment in spatial arrangements, 9-26
  - arrays, 17-34
  - as mathematical unit
    - runover division, 15-14
  - baseline level, 8-16
  - between fractions, 8-18
  - blank cells in spatial arrangements, 9-26
  - cancellation, 16-5
  - code switches, 8-9
  - abbreviations, 8-10
  - definition, 8-2
  - denominator, 8-2, 16-2

    - mixed numbers, 8-12
    - nonuse of, 8-7
  - keep together, 8-3
  - mixed numbers
    - alignment in spatial arrangements, 10-6
  - narrative summary, F-7
  - Nemeth summary, F-7
  - numerator, 8-2, 16-2
  - numeric indicator alignment, 16-7
  - place value alignment, 16-6
  - print format, 8-2
  - size of print type
    - normal, 8-7
    - small, 8-6
  - spatial arrangement, 8-16
    - ellipsis, 8-17
    - fraction lines, 8-18, 16-2
    - hyphens, 8-5
    - labeled, 16-4
    - letters or words, 8-8
    - long dash, 8-17
    - signs of comparison, 8-4
    - signs of operation, 8-4
  - subscript indicator
    - nonuse, 8-7
  - terminology, 16-2
  - with letters or words, 8-2
- fractions, complex**
  - definition, 8-14
  - fraction lines, 8-14
    - symbols for, 8-14
  - indicators, 8-14
- fractions, continued**
  - definition of, 16-16
  - format for, 16-16
- fractions, hypercomplex**
  - definition, 16-12
  - example of, 16-12
  - format for, 16-13
  - higher order, 16-15
  - indicators for, 16-13, 16-14
- fractions, simple**
  - definition, 8-2
  - diagonal line, 8-6

fraction lines  
 symbols for, 8-3

indicators, 8-3  
 diagonal line, 8-6

keep together, 8-3

spacing, 8-3  
 with sub- or superscript,  
 16-12

**freestanding numerals.** *See*  
 numerals, freestanding

**functions**  
 abbreviated names  
 in enclosed list, 14-12  
 keep together, 14-11  
 numeric subscript, 14-14  
 spacing, 14-6, 14-7  
 spacing with multiple,  
 14-10  
 upper and lower limit,  
 14-17  
 with English-letter  
 indicator, 14-10  
 with indicator, 14-7  
 with modifiers, 14-17  
 abbreviations, 14-2, 14-4  
 and arguments  
 runover division, 15-23  
 code switching, 14-3  
 in Nemeth, 14-3  
 in UEB, 14-3  
 names, 14-2  
 notation, 15-23  
 spacing, with signs of  
 operation, 14-7  
 with sub- or superscript,  
 14-13  
 within sub- or superscript,  
 14-14

**G**

**glossary of terms,** Appendix B

**greater than symbol,** 5-17

**Greek letters,** 13-23

**grouping symbols**  
 barred typeform, 7-32  
 boldface usage, 7-31  
 definition of, 2-12  
 English-letter indicator, 3-25,  
 4-25  
 enlarged  
 alignment of, 17-5  
 alignment, vertical, 17-6  
 commentary, 17-12

embedded, 17-7  
 equations, 17-5  
 format for, 17-5  
 nested, 2-14, 17-11  
 placement identifiers, 17-9  
 placement of outside  
 symbols, 17-8  
 placement punctuation,  
 17-9

horizontal  
 five-step-rule, 12-27  
 over or under, 12-14

level indicators, 6-37  
 list of examples, 17-18  
 modified, 4-26

Nemeth, not punctuation,  
 3-23

nested signs, 2-14

numeric indicator, 2-12

punctuation of, 2-13

review of usage, 10-32

runover division, 15-19

signs of, 2-12

spacing  
 blank space between signs,  
 2-17  
 enclosed expression, 2-16  
 interior, 2-16  
 tactile graphic used for, 17-39  
 transcriber defined, 7-34  
 unspaced, runover division,  
 15-19  
 used as modifiers, 12-15

**Guidelines and Standards for  
 Tactile Graphics,** 18-23

## H

**headings**  
 with code switches, 9-44

**hollow dot,** 5-9  
 degrees of angle, 6-13  
 degrees of temperature, 6-13

**horizontal bar.** *See* modifiers,  
 mathematical, horizontal bar

**hypercomplex fractions.** *See*  
 fractions, hypercomplex

**hyphen**  
 expressions, typeform  
 indicators, 11-35  
 opposed to dash, minus sign,  
 1-18  
 spacing with punctuation, 2-8  
 within long numeral, 1-15

## I

**icons,** mathematical context,  
 11-30

**identifiers**  
 alignment with cancellation,  
 9-34  
 code choice, 2-20  
 definition of, 1-24  
 embedded in narrative, 4-34  
 letters as, 3-28  
 margin for, 1-24  
 displayed material, 7-11  
 main items, C-4
