New Orleans Marriott
Welcome

The National Federation of the Blind (NFB) continues to raise the expectations of blind people and transform dreams into reality, and on behalf of the NFB, we invite you to partner with us to support this work. Participating in our 2022 National Convention will provide an ideal platform to showcase your products and services, whether you are looking for an increase in brand awareness, leadership positioning, new business development, or a combination of these. With the added excitement of meeting in person after two years of virtual events, we are looking forward to a dynamic and jam-packed convention. We hope you will join us to connect with the blind community.

This document contains details of available sponsorship and exhibiting opportunities for the 2022 National Convention, as well as the benefits associated with each. Information and registration can also be found at nfb.org/convention (registration opening March 1, 2022). If, after reviewing the information contained in this document, you have additional questions, please contact Anna Adler at 410-659-9314, extension 2282, or via email at aadler@nfb.org.

Why the National Federation of the Blind National Convention?

The National Federation of the Blind (NFB) National Convention is the largest gathering of the blind in the world. The six-day event allows blind people to come together to reflect on the advances we’ve made throughout the year as well as plan what is next for the NFB.

The funding you provide by serving as a sponsor goes far beyond helping to support the important activities of our national convention. These resources contribute to our work throughout the year as we implement programs to improve education and employment opportunities, raise awareness, shatter misconceptions, provide resources and advocacy, and promote the true independence of blind Americans. Sponsors benefit from increased visibility leading up to and during the convention through social media promotion, advertising, and inclusion in the agenda.

Your partnership helps us fulfill our mission to ensure that the blind achieve complete integration into society on the basis of equality. We look forward to working with you so that together we can transform blind people’s dreams into reality.
Why the NFB?

The National Federation of the Blind knows that blindness is not the characteristic that defines you or your future. Every day we raise the expectations of blind people, because low expectations create obstacles between blind people and our dreams. You can live the life you want; blindness is not what holds you back.

Founded in 1940, the NFB is the transformative membership and advocacy organization of blind Americans with affiliates, chapters, and divisions in the fifty states, Washington DC, and Puerto Rico. We believe in the hopes and dreams of blind people and work together to transform them into reality.

Who Participates?

Thousands of blind people from across the country and their families attend the National Federation of the Blind National Convention. All age groups from infants to seniors are represented at the convention to learn about the activities of the Federation throughout the year, connect with friends, check out new technologies, and be inspired by other blind people. Parents, educators, legal and government professionals, and technology developers are just a few of the groups that will join in this convention.

If you don’t know how capable blind people can be, this is a great place to learn. We expect three hundred or more job seekers and forty employers from across the country to attend this recruitment event.

Please contact Dick Davis at 612-719-0753 or dickblind@gmail.com for more information about the career fair or employment committee events.

Companies and organizations that participate in the career fair will be listed in the Career Fair Employer List, made available to each attendee. Convention Sponsors receive prime placement and special recognition.
